

# MOBILITY PLANNING FOR BLUE HILL AVENUE

## WHAT WE'VE DONE

We are in the process of launching a redesign process for Blue Hill Avenue focused on mobility enhancements. So far we have:

- analyzed ridership **data** for the corridor
- met with **City Councilors** to discuss concerns
- launched a **website** to collect community feedback
- collaborated with agencies such as the **MBTA** and the **Boston Planning and Development Agency**
- begun searching for a new **transportation planner** for the corridor

## WHAT COMES NEXT

Over the next few months, we will be hiring a new transportation planner to lead the redesign process and prepare for **community meetings starting in the fall**. We look forward to engaging with you to design the Blue Hill Avenue of tomorrow.

# PROJECT TIMELINE

## **April** - Talent Search

Began recruitment efforts for a new transportation planner for Blue Hill Avenue.

## **June** - Call for Ideas Opens

Launched the Blue Hill Avenue webpage ([boston.gov/blue-hill-ave-call-ideas](https://boston.gov/blue-hill-ave-call-ideas)) to solicit community feedback on priorities & concerns relating to Blue Hill Avenue.

**Throughout** - The BPDA's  
PLAN: Mattapan and the  
MBTA's bus network redesign

## **Fall** - Public Meetings

The City will officially begin hosting public meetings on the Blue Hill Avenue redesign.

## **Spring** - Design Begins

The City will begin holding design charrettes and working with the community on a new street design.
